Re: Famous Players Scarborough Coliseum
Our File No.: 0900269 - 037100

It was with great pleasure that PCL turned over to Famous Players Inc. the Scarborough Coliseum on November 26, 1998 for their official grand opening. All the feedback we have received from Famous Players is nothing short of outstanding.

The fact this project was completed and turned over on schedule in under seven months is a testament to the commitment and teamwork displayed by each of our subtrades. Without that commitment and vision, our collective goal could not have been met.

It is with great pleasure that PCL extends to your our sincere thanks for a job well done.

Yours truly,
